SOFTWARE FOR THE PUBLIC GOOD

Our Mission

Provide software for the public good. We do this by providing services and support for many like-minded software project communities of individuals who choose to join the ASF.

How We Achieve Our Mission

- Open, collaborative framework
 - Everything happens in the open
 - Community over code
 - “The Apache Way”
- Meritocracy
 - Contributions are our currency
 - The value of your work never expires

How We Achieve Our Mission

- Legal shelter
 - Brand and trademark protections
 - Legal shield
- Independent
 - 501(c)(3) legal entity
 - Vendor and corporation neutrality

How We Achieve Our Mission

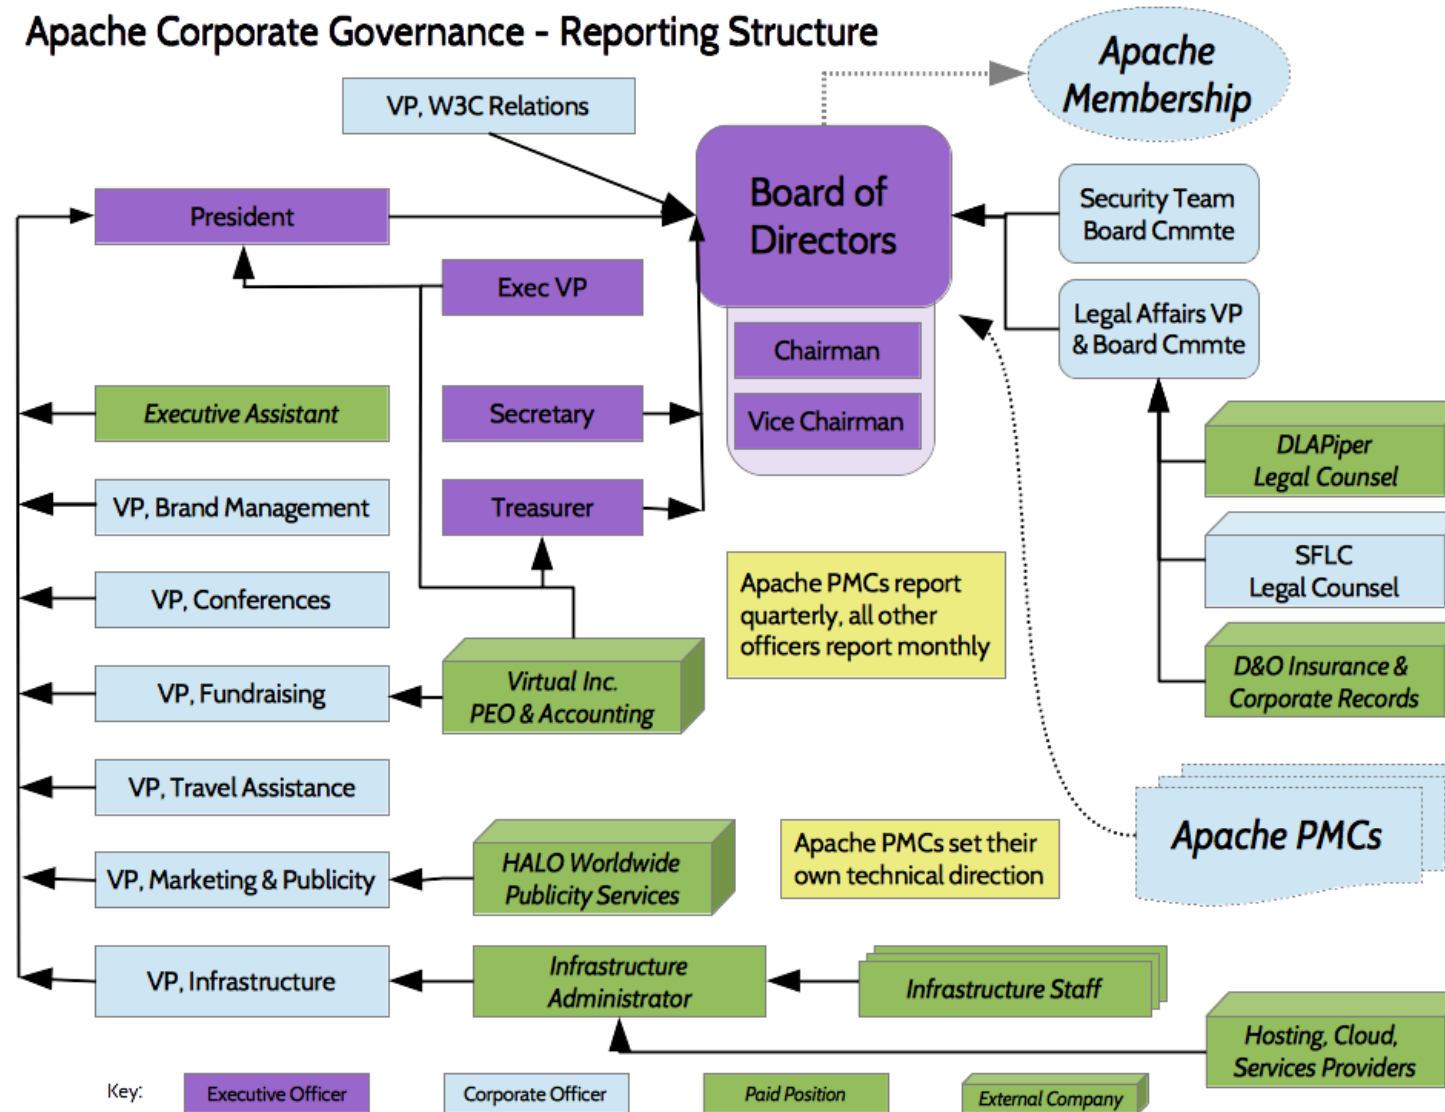

- Providing infrastructure
 - Sites, servers and archives
 - Collaborative tools
- Volunteer oriented
 - Membership based
 - “No leaders, only doers”

The License

- Permissive
 - Open and closed derivatives are OK
 - Redistribution is OK
- Requires attribution
- Includes patent grant
- Default ALv2 for contributions
- GPLv3 compatible

Attic

- Projects that can no longer maintain a community
- The code... survives
- Communities can always return

Labs

- A sandbox to play in
- Lighter weight than incubator
- Open to all committers
- Actually just one big project
